- RACQUETTE

IBS Conference May 5 at RPI

This weekend, a four-man representation from WNTC, consisting of Charles Winters, Carl Benedict, Norm Kicherer, and Harvey Glatt, is being sent to the regional Intercollegiate Broadcasting Stations conference at R.P.I. Among the discussions at the conference will be clinics on programming and technical difficulties.

May 5 marked the final gathering of the station staff. The occasion was the annual WNTC banquet. Mr. Norris, from the Clarkson College Administration, spoke on some of his experiences as a radio announcer to the interest of the many who attended.

The entire staff of WNTC would like to thank all those who listened to and enjoyed the programs broadcast this year.

On Friday, May 21, WNTC will discontinue broadcasting for the present season. There is, however, the possibility that a musical marathon will be broadcast the following week. This uninterrupted music would be for the benefit of those studying for final examinations.
